

Steel Sales

TS Industrial has the largest selection of steel for sale in the City of Kawartha Lakes & Lindsay area.

We sell steel products like:

- rebar
- plate steel
- channel
- angles
- round and square bar
- structural steel and more
- remesh
- square tubing
- I-beams
- pipe

We also have the machinery to cut or process your steel so it's ready for fabrication:

- sawing
- shearing
- cutting
- welding
- even painting!
- punching
- forming
- polishing
- grinding

Fabrication

We provide steel fabrication and welding services for the City of Kawartha Lakes & Lindsay area.

TS has a CNC forming press that can bend up to 1/2" steel plate. We also do:

- high definition plasma cutting
- welding & fitting
- mobile welding
- processing and painting
- engineering consultation

Repair work is a specialty at TS Industrial, because of our local agricultural and construction clients. Why wait and pay for a new part if we can repair it now at half the price?! Our repair truck is ready to go to you.

Industrial Parts

TS has over 12,000 parts in stock and ready for our clients in the Kawartha Lakes & Lindsay area.

Parts like:

- bearings
- hoses
- v-belts
- sprockets
- o-rings and packing
- cutting and grinding discs
- power transmission products
- welding supplies & materials
- hydraulic cylinder repair and test bench
- roller chain and links
- lubricants
- more!
- hydraulic parts
- fittings
- fasteners
- air fittings

Machining

TS Industrial has machining and millwrighting services for all of Lindsay, the City of Kawartha Lakes & beyond.

Machining services include:

- vertical machining center
- horizontal turning center
- radial drill presses
- planer mills
- engine lathes up to 36" x 120"
- milling table up to 18" x 60"
- 50 ton straightening press
- keyseater – and many others

Because TS Industrial's machining services are shared with our sister company **TS Manufacturing**, you'll find our pricing very competitive with "machine only" shops.
